

XAVIER'S LEADERSHIP EFFICACY DEVELOPMENT INITIATIVE
2019-20
CONTRIBUTES
DIGITAL LEARNING PACKETS TO COMMUNITY AND RURAL CENTRES

WHAT ARE THE DIGITAL LEARNING PACKETS (DLP) ?

The student teachers of First Year and Second Year Bachelor of Education have created power point presentations and small video clippings with audio narration in simple English and in Marathi/Hindi of the lesson units of the SSC syllabus in subject of English Grammar, Social Sciences, Science and Math. The presentations are based on the text books and other references to make difficult concepts easy and also to acquaint strategies to the students of higher classes of how to learn and make small notes, concept maps etc. These are humble contributions of our volunteer students who want to share through these digital packets love for learning.
