

Learner profile is a very practical approach to check the competencies of students and provide them further better guidance to the students.

For F.Y.B.Ed. students (2019-2021) learner profile was made. The objectives for preparing a learner profile was to:

- Critical thinking
- Self- reliance
- Good health
- Reflective thinking
- Better communication skills
- Evolved teacher competencies
- To identify the various potentials of the future teachers
- To mentor and guide the students for preparing themselves for future
- To work upon the challenges and make the strengths more strong

Students were given a form to fill which included details based on the following criteria:

1. Preliminary details
2. A team player: have good abilities to work in team
3. Self- reliant: very self-reliant
4. Communication skills: good Communication skills, more opportunities can be given
5. Challenges: time management, study skills, communication skills
6. Physical awareness
7. Stress coping mechanisms: good sleep, coffee, fruits, morning more energetic than afternoon drink more water
8. Learning strategies: writing, loud reading, concept mapping, taking notes

Activities that are conducted based on the requirements:

- College Fest (Prayas)
- Mentoring
- Workshop on study skills
- Provide opportunities to display the communication skills in varied context
- Health cell activities
- Encourage to work on one's capabilities
- Students' enrichment programme
