

INAUGURATION OF THE THEME HARMONY

"Harmony is my pet project"

These were the words our loving manager Fr Blaise used in order to elaborate on the theme that was selected for the academic year 2016-17. Harmony is a constant theme that Fr Blaise has espoused in his life and made an integral part of his personal mission.

He was the one who suggested it to the IQAC team to be made the theme as he deeply felt that the teachers-to-be should be harmonious in everything that we do and everything that we are.

He introduced this theme with plenty of examples to be included into our lives and anecdotes to strengthen the message in our minds. The exhilarating lecture in a sermonesque style encouraged us all to be people and bearers of Harmony.

One of the most important point Father made was that the term Harmony was derived from the musical world where in the various notes of a piece of music would resonate together to form a melody which would be pleasant to the ear. Linking this to our life he said that we should also resonate with each other in order to form a bond with each other and through our harmonious living connect to the whole world and especially to our students who will shape the future of the world.

I hope that all my loving batch mates take up like Fr. Blaise this theme of Harmony in to their lives and strive to be bearers of Harmony.
