Dear Participants,

The mandate for education institute is to create leaders of tomorrow. For that to happen, we believe that our students need to be "*Citizens of Today*". The RISE Citizenship Program is a unique neighborhood development process by which students internalize the need for engaging with their surrounding & stake holders.

RISE Citizenship Program works towards the United Nations 2030 Agenda for Sustainable Development and reinforces the RISE values – **Responsible, Inclusive, Sustainable and Eco- friendly**. These values reflect the new paradigm of ethic and beliefs for millennials in a technology-driven world.

Warm regards,
St Xavier's Institute of Education and Idobro Impact Solutions

OBJECTIVES

1. Sensitise Leaders of institutions to adopt Citizenship as part of core curriculum
2. Help Institutions become a role model and catalyst for achieving the Sustainable Development Goals (SDGs)
3. To encourage Teachers and Students to be a part of a life-skill, value based experiential program
4. Find solutions to problems in your neighbourhood or the boundaries set by you
